

MULTNOMAH

Adjunct Professor Opportunities – Biology Department

- Position Description:** The Biology Department at Multnomah University is forming a pool of qualified individuals to teach in our Biology, Environmental Science, and Exercise Science programs. We seek applicants with teaching skills in any of the following areas: General Chemistry, Organic Chemistry, Biochemistry, Physics, Genetics, Anatomy & Physiology, Kinesiology, Environmental Policy, Environmental Ethics, Ecology, and other related fields. Course offerings will vary based on enrollment.
- Minimum Requirements:** The ideal candidate will possess a minimum of a Master's degree in a scientific field; candidates with doctoral degrees are preferred. Teaching experience is preferred. Agreement with Multnomah University's doctrinal statement is required, as is a willingness to integrate science and Christianity in the classroom.
- Institutional Information:** Multnomah University includes undergraduate and graduate programs as well as Multnomah Biblical Seminary located in Portland, OR. All programs are coeducational and interdenominational. Founded in 1936, the college, graduate school, and seminary have established a renowned heritage of excellence in biblical education equipping Christian men and women to transform our culture and the world. The college offers B.A. degrees in 20 majors as well as four university M.A. programs. The seminary offers the M.A., M.Div., Th.M., and D.Min. degrees. Multnomah University is accredited with the Northwest Commission on Colleges and Universities (NWCCU). The Multnomah Biblical Seminary is accredited with the Association of Theological Schools (ATS). In addition, Multnomah University is an affiliate with the Council for Christian Colleges and Universities (CCCU)
- Compensation:** \$1,294 to \$2,250 per course based on credit hours and earned degree.
